

# ParentConnection

*COMING SOON to AISD Pilot Schools:*

Austin, LBJ, LASA, and Crockett High Schools  
O. Henry and Small Middle Schools

***ParentConnection*** is the parent portal to **GradeSpeed**, the District's electronic grade book system. With ***ParentConnection***, we hope to promote higher student achievement by enhancing communication between our teachers and the families of our students.

Parents will be able to use ***ParentConnection*** to view assignments, current grades and attendance from any computer with Internet access.

Official notification letters containing instructions on setting up your ***ParentConnection*** account, along with a PIN (personal identification number) for each student, will be mailed to parents at pilot schools on November 19, 2008. In order to create a ***ParentConnection*** account, you must have a valid email address.

AISD will implement ***ParentConnection*** District-wide in January of 2009.
